World-class forestry products, wherever you are.

GLOBAL ROOTS, SUSTAINABLE SUPPLY

Login Forestry, where we take you on a journey from the heart of the forest to the businesses of our esteemed clients. We are proud to be a **RELIABLE** supplier of high-quality wood products, including timber, square logs, and much more.

Our parent company Fridenson Group listed in the Tel-Aviv Stock Exchange and has a rich history of 60 years of cumulative experience in logistics, trade, and industry. At our core, we are two young companies JG Klein GmbH, located in Austria and G. Fri-Trade Ltd., located in Israel, we are passionate about trading in forestry sector and aiming to combine our knowledge and expertise to create Login Forestry that provides the best possible cooperation solutions for our clients from all over the world.

We understand that the forestry products, such as those from Angola, Liberia, Cameroon, Indonesia, Australia, USA, S. America, and Central - Northern European countries, offer exceptional durability, strength, and elegance.

Our story begins with the local forest owners, stewards of the land who have dedicated their lives to nurturing and sustaining the magnificent woodlands that surround us. Through responsible forestry practices, they carefully harvest and select the finest timber, ensuring the preservation of our natural resources for future generations.

COOPERATION OF

Fri-Trade & **JG KLEIN** GmbH

The journey of our Forestry Products continues to the skilled hands of our trusted sawmills. These craftsmen possess years of expertise, transforming raw logs into the exquisite materials that form the foundation of our brand. With unwavering attention to detail and a commitment to excellence, they shape each piece of wood, creating a harmonious blend of durability and esthetics.

But our mission doesn't stop at the borders of our local communities. We are driven by a global vision, as we believe that the beauty and strength of our wood should be appreciated worldwide. Our meticulous export process ensures that our products reach every corner of the globe, meeting the diverse needs of our international clientele.

Whether it's an architect designing a breathtaking structure or a homeowner seeking to enhance their living space, our wood products consistently exceed expectations. We pride ourselves on delivering not just materials but a promise of reliability, sustainability and a timeless touch of nature's elegance.

More than just a brand; we are a bridge between nature and wood industrie. Together, let us embark on a journey of inspiration, creativity, safety, and the boundless possibilities that wood offers.

A RELIABLE COOPERATION PARTNER

We understand that trust and reliability are of the utmost importance to our customers. This is why we have forged strong partnerships with reputable local sawmills and partners allowing us to offer an extensive selection of premium tropical wood species from around the world, including the coveted African, European, Asian, American and Australian species. With our unwavering commitment to quality, we ensure that every piece of wood meets the highest standards, making it ideal for various construction and design projects.

In addition to our focus on exceptional products, we prioritize the security of your financial transactions. Our secure payment terms are designed to provide you with peace of mind and security in every transaction. Whether you prefer traditional bank transfers, secure online payment platforms, or other trusted methods, our robust systems and our company's financial strength ensure a smooth and secure payment process, allowing you to focus on what really matters - your projects and vision.

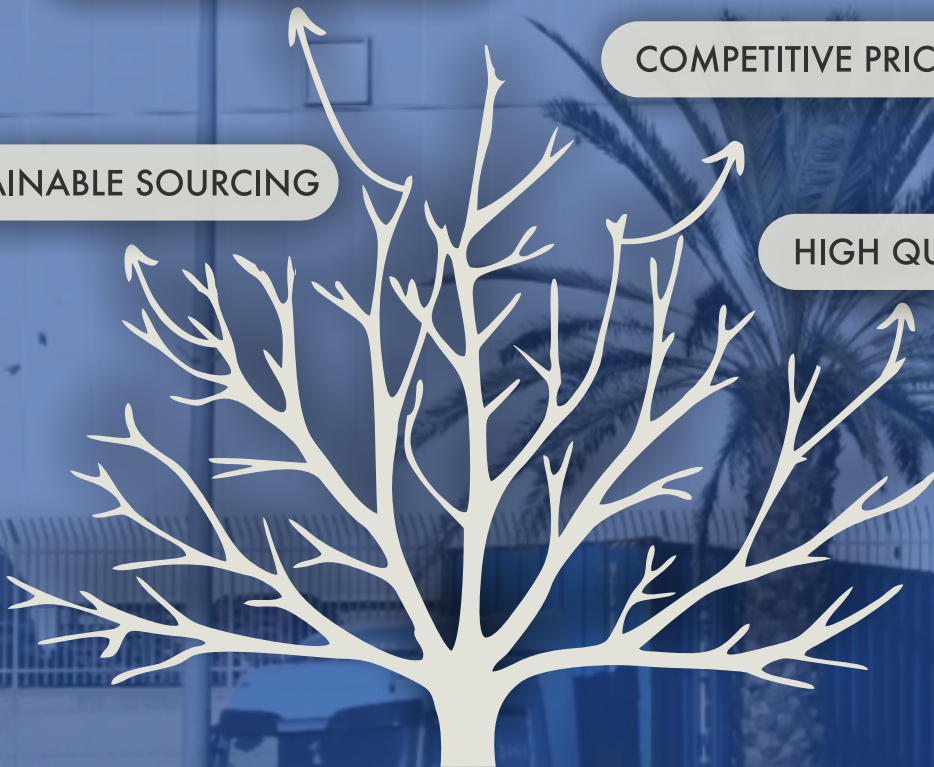

At Login, we believe a smooth and reliable delivery process is key to exceeding our customers' expectations. Through the extensive logistics capabilities of our company around the world, which includes collaborations with the strongest shipping companies in the world, we guarantee that your orders will be handled with the utmost care, from the moment they leave the sawmill until they arrive at your destination. We leverage our extensive network and logistics expertise to provide competitive shipping rates, reliable tracking capabilities and on-time deliveries, making your experience with us truly hassle-free.

Our portfolio includes many types of sustainably sourced softwoods and hardwoods. African, European, Asian and American species such as Iroko, Mahogany, Ayous, Azobe, Spruce, Pine, SYP, Oak, Beech, Ash and many other logs which we source directly from landowners or from our operation partners globally. We offer a tailored service with fumigation and transport covered. Our sawlogs end in sawmills, wood-based panel plants, furniture productions and decking production factories all over the world.

Login Lumber

We offer deliveries of different species of hardwood and softwood lumber / sawn timbers from more than 10 countries in a variety of sizes, suitable for our clients applications. Dimensions and the quality are always adapted to the specific requirements of the client. We can discuss and see what is the best possible product we can offer to you!

Fresh Cutted / AD / KD / Unedged / Edged / Boules / Un-steamed / Steamed

Login Panels

Solid Wood Panels, CLT, Glulam Lamellas, Plywood, and more opportunities from local producers. Wood panels offer several advantages over other wood products, including durability, strength, and the ability to withstand heavy use and wear. With proper care and maintenance, wood panels can last for decades, making them a long-lasting and sustainable choice for many applications.

Login Decking

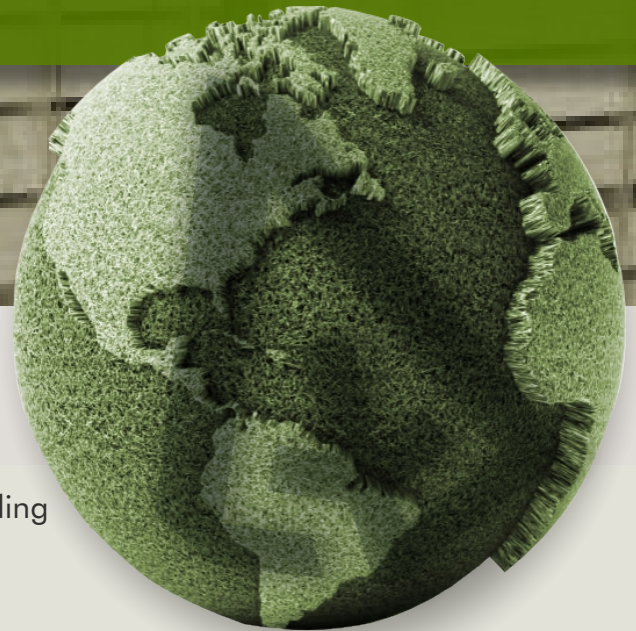

Exotic African decking materials from its global partners that supply its own raw lumbers from Login Forestries African resources. In addition to being strong and long-lasting, decking wood materials have a natural beauty that can enhance the look of any outdoor space. Whether used for a backyard patio, a pool deck, or a rooftop terrace, decking wood materials provide a versatile and attractive solution for creating an outdoor living area.

WIDE RANGE OF WOOD SPECIES FROM AFRICA, EUROPE, USA, ASIA

We take pride in offering African origin woods, including the stunning Iroko, Afrormosia, and Azobe, known for their durability and versatility. From Europe, we bring you the timeless beauty of Beech, Oak, Fir, Spruce, and Pine, renowned for their strength and exquisite grain patterns. Our collection also includes the finest USA origin woods, such as SYP and Walnut, known for their exceptional quality. Additionally, we offer Asian origin woods like Teak, celebrated for its rich color and natural resistance. However, our capabilities extend beyond these featured species.

With a strong focus on customer satisfaction, we are committed to tailoring our offerings to suit your unique project requirements and desired quantities. At Login Forestry, we strive to deliver the perfect timber solution for your vision.
